

**Ai.** Example A in pitch-classes (0-11):

0											
	0										
		0									
			0								
				0							
					0						
						0					
							0				
								0			
									0		
										0	
											0

**Aii:** Example A in pitch-types **0 = C**:

C											
	C										
		C									
			C								
				C							
					C						
						C					
							C				
								C			
									C		
										C	
											C

**Aiii:** Example A in pitch-types (transposed) **0 = F#**:

F#											
	F#										
		F#									
			F#								
				F#							
					F#						
						F#					
							F#				
								F#			
									F#		
										F#	
											F#

**Bi.** Example B in pitch-classes (0-11):

0											
	0										
		0									
			0								
				0							
					0						
						0					
							0				
								0			
									0		
										0	
											0

**Bii:** Example B in pitch-types **0 = C**:

C											
	C										
		C									
			C								
				C							
					C						
						C					
							C				
								C			
									C		
										C	
											C

**Biii:** Example B in pitch-types (transposed) **0 = E**:

E											
	E										
		E									
			E								
				E							
					E						
						E					
							E				
								E			
									E		
										E	
											E
